#### SUB-EVS

- 1- As you know we should always eat healthy and fresh food. So this summer make a diet chart for yourself for 10 days (i.e. from 1<sup>st</sup> June to 10<sup>th</sup> June 2019 or you can choose any other 10 continuous days) as in the format given below here and try to follow it for your good health:

My Diet Chart				
Name:			Class:	
Date	Energy Giving Food	Body Building Food	Protective Food	No. of Glasses of Water
1 <sup>st</sup> June 2019				
2 <sup>nd</sup> June 2019				
.....				
.....				
.....				
10 <sup>th</sup> June 2019				

2- This summer it is too hot. Let us try to make our surrounding cool. So follow the instructions-

- Take a container/pot.
  - Fill it with good soil.
  - Put a baby plant in it or sow a seed.
- Now observe your plant on daily basis and complete this table-

Name of the plant :			
S. No.	Observation Points	Date	Day
1.	Plantation done on	-	
2.	New leaves comes on	-	
3.	New bud appears on	-	
4.	A flower blooms on	-	

- Also write any two qualities / uses of the plant and also paste the photograph of your plant.
